

Pipe Cameras are used in a lot of different fields and are specifically designed to make it easier for plumbers, contractors, inspectors, engineers, municipal workers and other professionals to inspect the areas that are normally hard to reach. These inspection devices can reach and explore difficult spots in waste water systems, storm water systems, pipelines of different kind, drains, ducts and other hard-to-see areas.

## Features :

- Camera head size of Ø12.8mm x 12mm
- Camera of 720P (1280x720), sensor 1/3" CMOS
- 9inch IPS screen, 1024\*600 resolution
- Water and dust accumulation prevent
- 9000mAh Li-ion Battery Pack
- Comfortable and convenient plastic handle
- Digital meter counter function

## Technical Specifications

Display Size	:	9 Inch IPS Screen
Resolution	:	1024*600 resolution
Video	:	1280 x 720
Recording	:	Video and audio recording
Storage	:	Support Max 1TB SD Card or USB storage device
Camera head	:	Ø12.8mm x 12mm
Camera sensor	:	1/4" CMOS
Camera resolution	:	720P (1280x720)
Field of View	:	90°
Water Proof	:	IP68
Led	:	6 High Bright White LEDs
Cable Length	:	50M
Cable Diameter	:	Φ5.3mm
Digital meter counter	:	Yes
Power adaptor	:	100V AC~ 240VAC
Battery	:	9000mAh Li-ion Battery Pack
Charge/Work time	:	7Hr / 4Hr
Operating Temperature	:	Temperature: -10~50 °C Humidity: <90%RH
Standard accessories	:	Control box with DVR, battery pack, keyboard, camera support, connection cable, screw driver, Metal frame with cable reel and camera, User manual.
